GERALD ASHCROFT

Gerald is a renowned West Australian landscape and abstract painter working with oils, acrylic and pastels. **The Workshop:** The aim of the workshop is to paint an Acrylic Impressionist style landscape using a limited palette. Working from a photo reference supplied, we will make some slight adjustments to the composition.

Using a fan tail brush to block in a tonal wash, then developing the painting with a Painting Knife, Primary Colours and White.

Suggested equipment list:☐

1. Canvas Board approx. 40 x 30 cm

2. Colours: Ultramarine Blue - Alizarin Crimson - Cadmium Yellow & White
3. Fan Tail Brush
4. Painting Knife
5. Palette
6. Tissues for keeping Knife clean during colour mixing.

Gerald will provide a photo reference of a landscape but there will be some changes to it by adding a distant hill. It would be preferable if everyone did the same exercise, as it would be easier to keep track of everyone's progress.
